My School's Cool

Third Quarter Points

Receipts submitted March 1 —May 30 will count towards qualifying for one of three \$500 awards. The top three schools with the most points for the quarter will receive \$500. Plus, one randomly selected school will also win \$500!

Total points accumulated between September 1, 2013 and May 30, 2014, will determine each schools share of the \$20,000 prize pool. Year-end awards are based on each school's percentage of the total points earned by all schools. The last day to submit receipts for the third quarter and for the end of year award is Friday, May 30.

With two months left, now is the time to earn extra-credit points. Don't forget you can earn extra points when you vote for your school on the malls Facebook page (500pts), register on the mall's website and select your school when setting up your profile (500pts), and texting your school's code each month (50pts). REDUCE. REUSE. CONSERVE.

Here are some tips on how you can make a difference not only on Earth Day, but throughout the year. One small change can make a positive impact!

CONSERVE WATER

Start conserving water today!

- Turn off the faucet when brushing teeth or doing dishes.
 - Take shorter showers.
(each minute equals 2.5 gallons)
- Cleanup sidewalks and driveways with a broom instead of hosing them down.
- Water plants only when needed. Water the lawn once a week and only at night.

COMPOST

Composting is nature's way of recycling decomposed organic materials into a nutrient-rich soil. By composting organic waste, you can keep waste stream out of landfills and waterways. The three ways to compost (each requires "browns" (newspaper, leaves) and "greens" (grass, food scraps.)
