

For over 60 years, students have pursued academic excellence and Catholic religious instruction at St. Dunstan. Our educational program, overseen by a dedicated lay faculty, emphasizes the development of the whole person: spiritual, social, intellectual, artistic, physical, and emotional.

Our students achieve high scores on standardized tests and most continue their education at prominent local Catholic high schools and private secondary schools. We recognize that parents are our students' primary educators. We work with families to build a strong community that extends beyond the school grounds.

St. Dunstan does not unlawfully discriminate on the basis of race, color, nationality and/or ethnic origin, age sex or disability in the administration of educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

SCHOOL-WIDE LEARNING EXPECTATIONS

Our students are active Christians who are life long learners, responsible citizens and problem solvers.

St. Dunstan Catholic School

St. Dunstan Catholic School commits to carrying out the ministry of Jesus Christ in educating the youth of our community. In partnership with families, we provide a student-centered program of academic achievement and faith formation. We prepare our students to value the uniqueness and diversity of every individual, to be of service to others and to become responsible citizens.

“Through study and prayer, play and service, we help our children’s minds and hearts succeed.”
